

Let Me Fly

Intro *Asus, C+d, Emin+D, C+D / Asus, C+d, Emin+D*

Verse: It makes no sense to me

why some one just can't be

Always got to do what you want me to do

got to see what you want me to see

But lately I've been dyin

Been cryin out to be free

It may not make a difference to you

but it means a lot to me

Chorus: Let me fly

Far away on a summer breeze,

I've spent too long down on my knees

Places to go and you're keepin me

So say goodbye and

let me fly

Verse: maybe it's all appearances

maybe it's all true

It has to do with the clouds today

and the way the wind blows too.

You might doubt what I'm sayin

or you're cryin out in thirst

But I know I'm not the last one dying

And I'm sure I'm not the first.

Chorus:

Bridge:, then Chorus
